TIME TO DO IT AGAIN!

The May 27th meeting will be held at Auburn in the building in the City Park on 4th and E Street, NE. Go Auburn Way (main drag) find 4th street follow to E Street. This is not the same building we met in last month. The Wednesday will begin at 7:30 pm. Warren Callahan and Zeak Rice will give a program about stereo cameras. Bring your treasures from the show for show and tell time. We will have a sale after the meeting same as always.

WE DID IT! AND RATHER WELL, TOO!

Now that the May Show is history let's not forget how much work it took to make it the successful event it was. It is impossible to commend each member for all the help. There were so many helpful suggestions, addresses given, contacts made, hard work setting up and taking down, etc. ...the list goes on and on. Those of you who helped and participated in the event know who you are and please know that your efforts are appreciated.

A special thank you to the steering committee who brought it all together -- Gary Sivertsen, Ray Kirlin, Bill Kimber, Dick Weber, Wayne Hooper and President Dave Studebaker. And an especial note of gratitude to Tom Sandvig (now a member) who had enough courage to back us financially with no guarantees that we'd pull it off. He was so impressed with our accomplishment he has offered to bankroll us for the next show. That's why those kind of people are called "Angels".

To the spouses of the members ... a big hand, also, for manning the door as ticket takers, for looking after tables so the members could go treasure-hunting at other tables and for putting up with all this over Mother's Day!

SOME SHOW STATS

Tables sold; 63, admissions paid; 500, attendance; approximately 750, cameras sold and cameras swapped; incredible amount, hours to put on show; incredible amount. Next year's projections; twice as many people, lots more tables and half the work. If you have suggestions to improve on the next show jot them down and give to Marlene at the meeting.

ON THE FRINGES

One of the "bennies" of the show was making new friends and meeting others with a common interest. We also gained 8 new members - paid! and increased the mailing list. It was nice to see so many members of the Vancouver Club (about 16) and a raft of guys from the Portland group. Thanks to Rolf Eipper and Ron Panfilio.
